4. The foregoing orders were communicated to the Commissioner Bangalore Division in No. 1826-1828 of the D.O. 4.23 12th September/78.

5. With reference to the remark made in paras 3 & 4 of the Memo: the Deputy Commissioner of Bangalore states that as it was the practice hitherto to be submitted a list showing the names of Tanks & the amount required for each: & that on this being approved of, he would commence works on regular estimates. But as it is rather late in the year to lay the matter before the D.C. Fund Committee, he solicits sanction to the proposal originally made by him viz: to utilize the fund in the tanks belonging to the Bangalore Taluk.

6. Mr. Ricketts adds the instructions conveyed in para 5 of this Office Proceedings quoted in para 1 above, will be duly attended

Granted

* In his Docket to the address of the Commissioner No. 818 of 28th ultimo.

* with his No. 386 of 9th July/78 thereon

Taluk proposes to utilize the estimated receipts of the year on certain tanks in the Taluk, but the Deputy Commissioner suggests the amount being handed over to the Irrigation Department, as a grant-in-aid towards the completion of the Tanks in the Kadgodi or Kurthur series. The Commissioner offers no opinion on the above proposals.

5. A sum of Rs. 2104 is required for the Incomplete works of 1877-78, specified in the margin, which may be sanctioned, and the Commissioner requested to report as to how he would propose to utilize the balance, Rupees 4,080-4-3, during the year.

6 It is objectionable, I think, to place lump sums at the disposal of the Commissioner or Deputy Commissioner, and the Commissioner may be requested to submit details of the proposed expenditure, as was recently ordered in the case of the Irrigation Cess Fund Budget of the Shimoga District. Please see para 3 of this Office No. 178-81 D732 dated 16 April last

C P Thimbooly
6/9/78.

I do not consider the proposal to make the proposed grant a proper charge against the Cess under these heads. Expenditure of this kind was never contemplated when the Cess was levied and I do not think it should be now begun. The Cess should, as at present, be devoted to the maintenance of the tanks and not to the construction of new ones.

Letter No 474 dated 7th September 1878 from the Commissioner of the Nafar Division

(2) Letter No 3215 of the 20th September/78 from the Deputy Accountant General of Mysore.

With his letter above mentioned the Commissioner submits the Irrigation Cess Fund Budget of the Chitaldroog District for the year 1878-79 —

2. The opening balance on 1st April/78 is estimated by the Commissioner at Rs 81733 and by the Deputy Accountant General at Rs 82628-4-4. The former estimate is based on the actual expenditure sanctioned in 1877-78 and may therefore be accepted —

3. The estimated Income during 1878-79 is put down at Rs 18100 and the estimated realization at Rs 12140. The

Deputy

2

Deputy Commissioner explains that the decrease of Rs 5,760/- between the "estimated Jamabundi" & "estimated realizations" is attributable to the improbability of the cess being realized in consideration of the reduced condition of the agricultural class. I think it would be safer to enter the estimated receipts of the year at Rs 12,140.

4. The amount available for expenditure during the year will be Rs 94,768-4-4.

5. The estimated expenditure during the year is put down at Rs 21,103/- as particularised in the margin - The Dy Commr states that he has entered in the Budget some of the Tanks which require attention at present, and requests that a sum of Rs 10,000/- may be placed at his disposal out of the balance available, as there are many tanks which require attention & concerning which several reports are in arrear

in the District office, & will receive the immediate attention as soon as he can get the kitchen account straight.

6. The Commissioner has simply forwarded a fair copy of the Budget submitted by the Deputy Commissioner, without offering any opinion thereon - but it may be passed.

7. The Commissioner may be told that before any expenditure could be incurred on the works entered in the Budget, the Estimates or Notifications therefor should be submitted to this office for sanction or acceptance -

8. The Commissioner may also be told that in future details of the proposed expenditure should be ascertained as far as possible & entered in the Budget, and his attention may be drawn to the great delay in submitting this Budget for 1878-79 -

With his letter above recorded the Commissioner submits without any remarks the Irrigation Cess Budget of the Chittal District for 1878-79 which has been passed by the Municipality

2 The estimated balance on 1st April 78 is estimated by the Commissioner at Rs 81,733 and by the Deputy Accountant General at Rs 82,628. The latter figure will be entered in the Budget

3. The estimated Income during 1878-79 is put down at Rs 18,000 and the estimated Expenditure at Rs 12,140 The latter is disputed by the Deputy Commissioner who has reduced it to Rs 9,000

between the "Estimated ~~[illegible]~~ "adi"
& the "Estimated de reductions"
is attributable to the im-
-probability of there ~~[illegible]~~ being
realised in consideration

of the agricultural clash, but as
~~the Chief Commissioner considers~~
~~directs that the sum of~~
~~Rs 18,000/- be safely fixed~~
~~as the estimated receipts~~
~~of the year, since~~ there is
no deficiency in the extent
of wet land cultivated
this year the Chief Commissioner considers
that the sum of Rs 18,000 may safely be fixed as the probable receipts.
~~The~~ amount available
for expenditure will ~~therefore~~
be Rs 98,628/- ~~97,128~~

~~X~~ The estimated expenditure
during the year which is
put down at Rs 21,103/- as
particularised in the margin
is ~~unstinted~~ approved, but the deputy
Commissioner should be
careful to observe the Rules
prescribed for the expenditure
of this fund ~~&~~ submit ~~[illegible]~~ at the same time Estimates
& Statements on the prescribed form for sanction as usual

~~X~~ The Commissioner
is informed that before

be submitted to this office
for sanction or acceptance —

6. ~~The Commissioner is also informed that~~ the
